Dear Irom,

We are writing from Ramlila Maidan in Delhi, at a time when the entire country has become one in support of Anna Hazare's movement against corruption and the Jan Lokpal Bill.

And even as we write to you, it is with the full awareness that the struggle you've taken on is both in terms of sheer persistence and determination one that inspires and drives us forward. You have been for many years fighting for justice in Manipur, and are a symbol of great inspiration across the country. The fight against oppression meted out to people in Manipur on account of the Armed Forces Special Powers Act has set standards and ideals that will inform all people's struggles in India and around the world. Please know that all of us as well as the people of India stand with you in solidarity.

The nation needs your voice to be heard. Anna and all of us appeal to you, to lend us your support in letter and spirit and invite you to share in our experience in whatever way you like. If you come to the Ramlila Maidan in Delhi, it will be an honour and indeed empower us further, as we collectively stand for what we believe is just and necessary.

Warmest regards,

Arvind Kejriwal
