INTERNSHIPS in SCIENCE, TECHNOLOGY and ENGINEERING

A Unique Opportunity for students from India
to gain Research Experience in Germany

This programme provides Bachelor-students in their 3rd and 4th years with the opportunity to spend **a minimum of 2 month** and **a maximum of 3 months** working with German doctoral students, scientists or professors on research projects at institutions of higher education and research institutes in Germany. The German hosts will help the students integrate directly into the lab work and serve as personal and professional mentors.

German language skills are not required for most positions but would be helpful for day to day life outside the laboratory. The working language will be English.

!!APPLICATIONS HAVE TO BE MADE ONLINE!!

What are the benefits of this programme?

This programme will be of benefit to everyone involved. In an international context it will provide mutual academic and cultural enrichment for both the students and their hosts.

The students will:
- gain theoretical and practical research experience
- learn about Germany in an intercultural setting
- begin learning German

The German hosts will:
- receive assistance with their research projects
- increase their knowledge of the Indian culture and higher education system
- improve their English language skills.

The application deadline has been extended from **1st Nov. to 30th November 2008** at the DAAD office in New Delhi. The address is:
